NEW HYBRID-TEA ROSE, LADY MARGARET STEWART

Lady Mary Elizabeth (Alex Dickson & Sons, 1927). A variety of outstanding merit that will be appreciated in the garden and for cutting. The plant is of strong vigorous, upright, branching habit with good healthy foliage and very prolific flowering. The delightfully fragrant flowers are carried on long stiff stems, the buds are very shapely, long pointed, and open to blooms of moderate fullness, with broad deep substantial petals, in color a brilliant deep carmine-pink without shading. \$1.50 each.

Leslie Pidgeon (Hugh Dickson, 1922). A delightfully informal semi-double decorative flower, orange buff heavily flushed and suffused with terra cotta shading lighter in hot weather. \$1.50 each.

Marcia Stanhope (G. Lilley, 1922). A delightfully fragrant pure white; a good sized full double flower, fine both in the long bud as well as in the fully expanded flower; vigorous and free. \$1.50 each.

Maud Cuming (Alex Dickson & Sons, 1923). Delicate peach, shaded with coral-pink, suffused with orange, the base of the petals shaded deep orange, a large full globular flower; vigorous and free, lightly scented. \$1.50 each.

Mevrouw L. C. Van Gendt (Van Rossem, 1924). Long pointed buds, flowers large and full; color salmon to apricot on a pink and yellow ground, free flowering. \$1.50 each.

Mrs. Beatty (Cant & Sons, 1926). An exquisite self-colored light lemon yellow with the delightful perfume of the old favorite Marechal Niel. Habit of growth good with disease-immune foliage, always in flower with large, long, oval, pointed buds. A Rose that is destined to become a popular favorite. Awarded a Gold Medal by the National Rose Society, and Certificate of Merit of the Royal Horticultural Society of England. \$1.50 each.

New Hybrid-Tea Roses

Introductions from Various Specialists—Continued

J. Otto Thilow (Verschuren & Sons, 1927). This variety was named in memory of our late Mr. Thilow. It is a rich glowing rose-pink of exceptional merit with long pointed buds of perfect formation, as the flowers expand, the petals reflex forming a beautiful large double high centred flower. It is a very strong grower with clean healthy foliage and a continuous profuse bloomer, a grand garden Rose in every respect. (See colored illustration on page 148.) \$1.50 each.

John Russell (Dobbie & Co., 1924). For full description, see Dreer's Gold Medal Dozen on page 142. \$1.50 each.

J. C. M. Mensing (Eveleens & Sons, 1924). In habit of growth, freedom of flowering and in the formation of its buds and flowers, this pretty sweet scented Rose is identical with the popular variety Ophelia from which it is a sport, but it is entirely distinct in color; this being a lovely pleasing shade of soft rose-pink. \$1.50 each.

Lady Dixon Hartland (Cant & Sons, 1923). Long pointed shapely buds and large flowers, deep salmon-pink at centre, shading to lighter pink at the edges, very free and sweetly scented. \$1.50 each.

Lady Roundway (Cant & Sons, 1923). A striking and distinct shade of rich golden-orange with deep copper-chrome suffusion. Sweetly scented, free flowering, strong, vigorous dwarf habit. A Gold Medal variety that was very appropriately described by one of our Rose friends as a double flowering Angele Pernet. \$1.50 each.

NEW HYBRID-TEA ROSE, LADY FLORENCE STRONGE

NEW HYBRID-TEA ROSE, MRS. ERSKINE PEMBROKE THOM

Souvenir de George Beckwith. A variety that is meeting with much favor, flowers very large, globular and full double, with petals of good substance. Color shrimp pink, tinted chrome yellow shading deeper at the base of the petals, the various shades blending very harmoniously, moderately fragrant.

Sunburst. A very beautiful yellow Rose strongly suffused with orange at the centre, buds and developed flowers of good form, sweetly scented.

The Queen Alexandra. A brilliant flower of intense vermilion deeply shaded old gold on reverse of petals, which spring from a pure orange base, one of the most remarkable color combinations seen in Roses. The flowers are quite full and when half blown are bewildering in their beauty, delightfully sweet-scented.

Una Wallace. In color quite distinct from any other Rose, a beautiful soft, even toned cherry-rose without shading. In depth, formation, and substance it is faultless, every bloom coming perfect, and quite full. It is one of the freest growers

William F. Dreer. A beautiful Rose of the same parentage as Los Angeles, and which, for delicacy of coloring, is not comparable to any other variety. The flowers, which are similar in shape to Los Angeles, and like that variety, beautiful in all stages are at their best in the half expanded flower. These, in expanding, are of a soft, silvery shell-pink, at certain stages of development, a golden suffusion illuminates the entire flower.

Willowmere. This splendid Rose is of a coral-red; suffused with carmine in the bud state, and opens to a large, full, handsome flower of a rich shrimp-pink, shaded yellow in the centre and flushed carmine-pink towards the edges.

Price. Any of the Select Hybrid-Tea Roses offered on pages 144 to 148, except where noted in strong two-year-old plants, \$1.00 each; \$11.00 per doz.; \$90.00 per 100.

Select Hybrid-Tea Roses

Reims. Large flowers of very regular and perfect form, petals round, very large, imbricated like a Camellia. Color flesh white, yellow at base, centre bright nankin shaded orange-apricot, vigorous habit and very free flowering.

Rose Marie. One of the best bedding Roses grown, remarkably free-flowering, producing large, long, ideal buds, which develop into full flowers of beautiful form, of a most pleasing clear rose-pink, delicately scented.

Royal Red. Buds very large, fragrant, moderately long and pointed, flowers large, full double, and of good form, color intense crimson scarlet, vigorous, free and fragrant. \$1.50 each.

Sensation. Splendid large crimson-scarlet, perfect in its long pointed bud as well as in the fully developed, sweetly scented, double flower. A strong vigorous grower that is particularly brilliant late in the autumn.

Shot Silk. One of the most beautiful of Alex. Dickson & Sons' introductions of 1924, which was awarded the Gold Medal of the National Rose Society of England. Color orange-rose, overshot with golden-yellow and flushed soft rose, bud of beautiful shape, the open flowers cupped with reflexing outer petals, growth vigorous and free with beautiful foliage, a sweetly scented Rose of exceptional merit.

Souvenir de H. A. Verschuren. A most desirable two-toned yellow, the edges light buff deepening to apricot yellow at the centre, particularly rich in cool weather. Buds and flowers of capital form, growth vigorous and healthy, very free and sweetly perfumed.

NEW HYBRID-TEA ROSE, J. OTTO THILLO

SPECIAL OFFER OF SELECT HYBRID-TEA ROSES
We will supply a strong two-year-old plant each of the 110 sorts offered on pages 144 to 148. A splendid collection for \$90.00.
