

Chambersburg man top winner

Dr. William Bender, Chambersburg, received the highest award from the American Horticultural Society at its recent Daffodil Show in Philadelphia. He received the silver medal for 24 varieties of single stem daffodils. He used all fresh flowers and they were all white, some with a red cup or orange cup. This uniformity gave his display added interest. He also received the Sweepstakes Cup for receiving the most blue ribbons.

Richard Ezell, Chambersburg, won two blue ribbons.

This is the first time the Philadelphia Daffodil Show has been jointly sponsored by the Northeast Region of the American Daffodil Society and the Pennsylvania Horticultural Society. It is larger than the Chambersburg Garden Club Daffodil Show but the quality of the blooms is comparable.
